

# 2015 Kitbot Build & Programming Day

## WOW-New Control System RoboRIO

Open to all FRC Southern California Teams

During your rookie /2nd year, building a robot can be very daunting; the basics of where to plug in which wires can be confusing! Team 597 is here to help with FRC Team experts to alleviate challenges throughout the build season, We will show you how to build the 2015 Kitbot and Educate you about the RoboRIO

**This is a Free Event but please register by Friday 1/9/2014**  
**FREE Parking at Foshay Learning Center**  
**This Activity may also be supported by USC & LATTC**
